## SUPPORT AND PARTICIPATE IN THE DEFENCE OF THE COMMUNITY OF SQUATTED PROSFYGIKA IN ATHENS AND THE SELFORGANIZED NEIGHBOURHOOD RESTORATION

In the heart of Athens, the Community of Squatted Prosfygika has hosted, housed, fed, and supported thousands of individuals in the past 15 years. It is one of the biggest selforganized and liberated neighborhoods in Europe.

The community is getting stronger and stronger, but so is the repression. Currently Prosfygika is facing a threat of attack and eviction.

Over the last decade, this is the fourth time that the state and the government have attempted to evict and plunder Prosfygika.

This time appears to be the most serious and is about to be implemented immediately.

Already within the last year, the Community has publicly announced to carry out the self financed and self organized restoration and renovation of the historical buildings.

This is happening through the participation and support of architects, civil engineers and other technical specialists.

Every restored facade, every repaired window and repaired balcony is part of the defence and the future of the whole Community and therefore also of the way of communal way of life that the community is proposing.

WE CALL ON ALL INTERNATIONALISTS TO SUPPORT AND PARTICIPATE IN THE DEFENSE OF THE COMMUNITY, BE IT THROUGH COMING TO ATHENS, PARTICIPATION IN OUR INTERNATIONALIST #SAVEPROSFYGIKA CAMPAIGN, ORGANIZING OF SOLIDARITY EVENTS OR THROUGH OTHER EXPRESSIONS OF SOLIDARITY!

TO MAKE THIS RESTORATION POSSIBLE WE ARE IN NEED OF FINANCIAL SUPPORT, THEREFORE WE CALL ON YOU TO DONATE TO OUR FUNDRAISING CAMPAIGN!
